LONDON, Oct. 7.—An expedition to
complete the Polar investigation is
completed.
PARIS, Oct. 7.—Sir Samuel and
Lady Baker, are here. Ten days
will be occupied in reading the papers
in Baseline. Gambetta and
Rouher, and Gen. Ladinval were
also present as witnesses. The court-
martial before which Marshall Baseline
is now being tried, sits in the
audience chamber of the Grand
Triumvirat. The scene at the
opening was remarkable; nearly
all witnesses who had been sum-
moned were present, and the
court room was filled with the
most distinguished men of France.
Besides those previously reported
were M. M. Favre and Regnier.
The calling of their names as
witnesses caused a sensation. Baseline
appeared in the full uniform of a
Marshal of France, with ribbons and
the Grand Cross of the Legion of
Honor on his breast. He took his
seat in an arm chair by the side of
his counsel and was courteously ad-
dressed by the President of the Court
as Monsieur Le Marshal throughout
the proceedings. The defense is
conducted by M. M. Lecland and
the eminent advocate, and Col. Vil-

any of its risks or paying out any mon-
ey whatever. The petition further asks
for the appointment of a receiver and
for a decree dissolving the Company
and winding up its affairs. The pe-
tition is based upon the fact, that the
Superintendent alleges, that an ex-
amination of the affairs of the Com-
pany discloses that its liabilities ex-
ceed its assets by \$904,954, exclusive
of one hundred thousand dollars
capital stock. The writ of injunction
was granted.

ited by those two Georgia ladies, of
which the press everywhere has
been so much talking, is destined to
lead to some further interesting dis-
covery. Maj. Emmet Seibels, of this city,
has received a letter announcing the
fact that he, too, has a finger in that
rich pie to the tune of two or three

"raise."

THE DAILY NEWS.

JORDAN STONE, Managing Editor.
SAMUEL T. WILLIAMS, Political Editor.

WEDNESDAY, OCTOBER 8, 1873.

THE Carlists seem to be in a bad way at last. They have become demoralized and refractory. Unless the morale of their army improves, they will soon fall a prey to their energetic opponents.

THE Richmond Enquirer daunts Hon. A. M. WADDELL "Professor WADDELL" because he is going to lecture on "Hittitramanna-land." "An you love me, Hal, no more o'that."

THE sufferings of Shreveport and Memphis are exciting profound sympathy everywhere. Donations are being forwarded from many quarters, but there is need for more than has yet been given.

THE subject of Col. WADDELL'S lecture is exciting considerable comment from our exchanges in and out of the State. The Colonel has chosen a theme which will attract the public—aside from his own reputation as a pleasant and eloquent speaker.

THE Battleboro Advance has heard of several parties in this State who have lost heavily by the failure of the national banks in Petersburg. We trust when the affairs of these suspended banks are investigated, they will be found more favorable than reported.

THE Washington Republican calls Tim Lee, sheriff of Wake county, because of his being a "bald-headed Irishman," "that hairless Celt."

THE Republican thinks it has made a capital hit, no doubt, but it will barely do to pass.

THE Evangelical Alliance now in session in New York, has been invited to visit the President, and has accepted the invitation. In order to receive the distinguished body of ministers, the President has recalled his promise to be present at the reunion of the Army of the Tennessee. It is to be hoped that President Grant will be morally benefited by the visit of the ministers. The White House needs evangelizing.

A DISPATCH published yesterday stated that the trans-Atlantic balloonists, DONALDSON, HUNT and FORD, started from Brooklyn at 9 o'clock Monday morning, in their aerial trip across the waters.

It was a rough day for balloons, but we trust the aeronauts will land safely on the other side.

P. S. See noon dispatches. The balloon has come to grief—but the occupants luckily escaped with their lives.

THE Washington Republican in its "Personal" column gives the following:

"A man who can marry and does not ought to be damned," is what the Rev. J. E. Wicks, of San Diego, Cal., is reported to have said in a sermon on marriage.

The same paper, in the same issue, under its "Notes of the Day" gives the same paragraph over again.

This is pretty strong evidence that the Editor of the Republican is severely henpecked.

THE name of the eloquent Indian, Hon. DANIEL W. VOORHEES, is not put down on the programme to "draw a crowd" to the State Fair. He was invited to deliver the address on Thursday, the 16th, but in accepting the invitation to speak, he stated in his letter, that his engagements were such that he could not be here until Friday, the 17th. He will certainly be present on that day, and address his fellow-countrymen of North Carolina, unless prevented by Providential interposition.

CUTBERT, the Virginia correspondent of the New York Herald, who is thoroughly posted in Virginia politics, predicts in a recent letter to his journal, that the Conservative ticket in Virginia will be elected by the largest majority given in any Southern State since the war, except that cast by Georgia for Governor SMITH.

CUTBERT'S figures may be a little too high, but judging from the tone of our Virginia contemporaries, and the spirit, ability and enthusiasm of the canvass, we think Gen. KIMMER'S majority will exceed twenty thousand.

A HANDSOME thing has been done by the Government in directing the Commissary General to issue rations to the sick and destitute at Shreveport and Memphis.

When Chicago was reduced to almost a mass of ruins, and thousands rendered penniless and homeless by a destructive conflagration, the Government came to the relief of the sufferers by ordering the Commissary to feed the hungry.

Now that two Southern cities are being scourged with a deadly pestilence, and thousands in the ill-fated localities are deprived of the necessities of life, it is meet and proper that the Government should step in and save them from the horrible fate of starvation.

The President is entitled to the thanks of the whole country for extending Government aid to citizens of Tennessee and Louisiana in the hour of their dire necessity, and we give him due credit for this act. It is not charity on his part, it is true, because the contributions are not his individually to give; but the public will applaud his conduct and approve of his action on the premises.

YESTERDAY was gloomy, cloudy and boisterous—a very unpropitious day for the opening of the Salisbury and Henderson Fairs. We hope fairer skies may smile on these two commendable exhibitions to-day, and that henceforth during the week the weather may continue all our Salisbury and Henderson friends may desire. Senator RANSOM speaks at the former place on Thursday, and Senator MERRIMON on the same day at the latter.

North Carolina Press Association.

The Washington Republican of Saturday contains the following article in reference to the notice of Major ENGELHARD, President of the North Carolina Press Association, calling on the Executive Committee, and the Committees on Legal Advertisements and State Agricultural Interests and Immigration, to assemble in this city on Thursday, October 16th:

"As an almost invariable rule we are opposed to 'Press Associations,' 'Editorial Conventions,' and other similar organizations, the ostensible objects of which are the moral improvement and elevation of the profession of journalism, but the practical results of which generally develop themselves in dead-head or dead-beat excursions or entertainments. The members of no other profession or class of business men indulge themselves at the expense of the public in such privileges, or more properly speaking, such outrages on public decency and abuse of public courtesy. It is true that the journalists are supposed to be able to make full return for these privileges in the way of puffing and personal mention, but it is also true that in making such full return they are apt to be betrayed into fulsome and indiscriminate praise of unworthy objects. For these reasons, and being prompted by a desire to add to the independence and true usefulness of the profession, we set our face resolutely against the pernicious customs to which we refer. The North Carolina Press Association, however, has entered upon a novel career, which, while it is not altogether free from objectionable features, may be pronounced commendable results. The next meeting of this association will be held at Raleigh on the 16th instant, when reports from committees appointed at a previous meeting are to be submitted for discussion. These reports embrace investigations into questions of immigration, the agricultural interests of the State and the publication of legal advertisements. The discussion of these important topics, it will be acknowledged, is exceedingly proper, when it is remembered that the participants will be gentlemen who seek information regarding them, and upon whose familiarity with them the public relies for intelligent instruction. It is to be hoped that the meeting will not be diverted from the pronounced and commendable intention with which it has been called."

The Association seems to be laboring under a misapprehension in regard to Major ENGELHARD'S call. No regular meeting of the Association will be held on the 16th; but in order that there may be consultation among the members of the Committees referred to above, the President requests them to meet at the time and place designated in his notice.

The North Carolina Press Association was organized last May at Goldsboro, and will hold annual meetings at such time and place as may be agreed upon at each previous convention. The next annual meeting will be held at Raleigh, on the 2nd Tuesday of May, 1874.

On the 16th inst., there will be a large attendance of Editors from every portion of the State, to be present at our State Fair. An informal and unofficial meeting may be held of the members of the Press Association, and the Committees who have been requested to hold their meetings on that day, can be materially aided and instructed by the suggestions of their brother Editors, in reference to the matters that are to be taken into consideration. The Committees will doubtless be grateful for any suggestions or recommendations, either in writing or verbally, that may be made by any member of the Association, during their deliberations.

An imperial edict declares that all natives of Alsace and Lorraine now resident in America, who do not before the end of this month formally notify a French consul of their intention to remain Frenchmen, "will be considered as Prussian subjects." Which is a stretch of "consideration" on the part of the Teutonic majesty not likely, we fear, to be fully appreciated in the United States.

A handsome young lady at Peoria, made a bet that she could raise \$40 in twenty minutes from a crowd at the passenger depot, and by getting tears to her eyes, and chaining to have her pocket picked, she was soon possessed of a purse containing \$32.

In Japan a man aged thirty recently committed suicide by hanging in fulfillment of a vow which, when seventeen years of age, he had made to Buddha, namely: "That if at the age of thirty he had not become famous he would die."

A boy employed in a San Francisco drug store is said to have recently fallen heir to a fortune of \$250,000, left him by a relation in England.

Stewart is fast buying up Saratoga. Exclusive of the Grand Hotel valued at a million, he is the owner of real estate there valued at \$700,000.

The real old epizootic has just got to British Columbia, and all the horses and mules on Victoria Island are laid up with it.

Solomon White died from hydrophobia in San Antonio, Texas, a few days since. He had been bitten by a canine pet.

BARROW & PLEASANTS,
LOUISBURG, N. C.

Satisfaction Guaranteed in Every Instance.

OTHER MACHINES HAVE THEIR PECULIAR MERITS—THIS HAS NO DEFECT.

The Washing of a Family of Ordinary size Easily Accomplished before Breakfast!

Have Never Known One That Failed to Give Satisfaction!

No other Machine can be sold after the "FRANKLIN" has been Tried.

From One to Two Thousand Dollars a Year Guaranteed to Working Men!

Every County Sold in Which it has been Introduced.

WE CHALLENGE THE WORLD TO COMPETE WITH IT!!!

The inventor of the "FRANKLIN STEAM WASHER" was owner of the right to manufacture the "Improved" Woman's Friend in certain territory. While manufacturing and operating, he discovered certain prominent defects therein. He spent ten months in the study of the subject of finding remedies for these defects. He has succeeded, and as the result of his investigation and study, he offers to the public the "FRANKLIN STEAM WASHER," which is by far the best Washing Machine ever patented. We claim it as an evidence of its merit that "LETTERS PATENT" were granted over all others.

It will wash anything from a Lace Collar to a Bed Blanket. It will cleanse the clothing without tearing and more thoroughly than can possibly be done by hand labor or the use of the rubbing board. With one-fourth of the labor four times as much can be done in the same length of time as can be done by hand. We could publish columns of evidence of the worth of those who have used it, but for the present we prefer the WASHER to speak for itself. We give a few below:

MESSRS. BARROW & PLEASANTS, LOUISBURG, September 27th, 1873.

GENTLEMEN:—I have been using your "FRANKLIN STEAM WASHER" and I am glad to recommend it to the public, and testify to its being all that you represent it to be. It is a labor saving Machine. It does its work well and diminishes, by more than half, the labor of washing. She cheerfully recommends it.

Very respectfully,
JOSEPH J. DAYTON.

MESSRS. BARROW & PLEASANTS, LOUISBURG, September 10th, 1873.

GENTLEMEN:—Before purchasing your Steam Washer, I paid four dollars per month for my family washing; now without any additional help, I have the washing done at home and pay fifty cents a week to have the ironing done. In this way I save \$2 per month, and my clothes are much whiter and wear longer than when washed by rubbing on the use of a board. It is all that you recommend it to be.

Very respectfully,
MRS. C. M. COOK.

MESSRS. BARROW & PLEASANTS, LOUISBURG, September 11th, 1873.

GENTLEMEN:—I am using your Steam Washer, and it proves a success and I take pleasure in recommending it to the public, and testify to its being all that you represent it to be.

Very respectfully,
MRS. F. B. HAWK.

MESSRS. BARROW & PLEASANTS, LOUISBURG, September 8th, 1873.

GENTLEMEN:—I have been using your Franklin Steam Washer for some time and can safely say it is far the best I ever saw. I cannot do without it. Mrs. A. W. WILSON.

MESSRS. BARROW & PLEASANTS, FRANKLIN, September 9th, 1873.

SIR:—Mrs. Gibson has been using your "Franklin Steam Washer" for two weeks and pronounces it a grand success.

Rev. H. H. GIBBONS.

MESSRS. BARROW & PLEASANTS, LOUISBURG, August 4th, 1873.

GENTLEMEN:—I take pleasure in recommending your "Steam Washer." I acknowledge its merits, and I have been using it with great success. I used to wash my clothes by hand, but I have been so highly recommended to me; but the inconvenience to a large family, of not being able to get a good wash, regularly, induced me to give you a trial. I am glad to pronounce it a perfect success. I used to wash my clothes and did two weeks' washing in two hours, now I give the first wash. Whiter or more nicely washed clothes, I have never had. It only needs a trial to convince.

Respectfully,
W. H. FURMAN.

MESSRS. BARROW & PLEASANTS, LOUISBURG, July 12th, 1873.

GENTLEMEN:—Through the kindness of your agent, Mr. J. J. Person, I have tried your "Steam Washer," and find it by far the best I ever used. It certainly saves a great deal of hard labor and does not damage the clothes. It is all that you recommend.

Respectfully,
MRS. DR. W. R. KING.

MESSRS. BARROW & PLEASANTS, LOUISBURG, June 30th, 1873.

DEAR SIR:—I take pleasure in testifying that I have used your "Steam Washer" with perfect success, and find it by far the most speedy and effective mode of cleansing all kinds of fabrics I have ever known.

Very truly,
MRS. DR. W. R. KING.

MESSRS. BARROW & PLEASANTS, LOUISBURG, August 5th, 1873.

GENTLEMEN:—My wife has been using the "Franklin Steam Washer" for some time and she, as well as the washerwoman, are highly pleased with it.

Very truly,
ELLIS MALONE, M. D.

MESSRS. BARROW & PLEASANTS, LOUISBURG, July 20th, 1873.

GENTLEMEN:—I have used the "Steam Washer" I purchased of your agent, Mr. J. J. Person, and find that it will do more than you recommend. We are more than pleased with it.

Respectfully,
N. M. COOK.

MESSRS. BARROW & PLEASANTS, LOUISBURG, July 10th, 1873.

MESSRS. BARROW & PLEASANTS, LOUISBURG, July 20th, 1873.

GENTLEMEN:—I have been using the "Steam Washer" about one month. It passes my expectations; it is all that you say for it. I am highly pleased.

Yours truly,
MRS. T. A. PERSON.

MESSRS. BARROW & PLEASANTS, WARREN COUNTY, Sept. 15, 1873.

GENTLEMEN:—I have used your Steam Washer, and find it an admirable success. I cheerfully recommend it to all.
